

LightLEEDer

LightSync G2 Multi-Zone Dimmer Switch

Overview

The LightSync Digital G2 Multi-Zone Dimmer switch provides control of up to 4 dimmer zones. It provides on/off control and individual/grouped zone dimming with press and hold control. LightSync switch is available in 1, 2, 3, or 4 zone control configurations. This dimmer switch allows the user to select multiple dimmer zones to be controlled at the same time. Uses standard LightSync device addressing and configuration using the ramp up and ramp down operation dimming control option.

Available in White , Ivory and Gray
