## LightSync Conditional Input Module **Product Detail**

IN CONTROL OF THE SECOND SECON		
Switch input connectors push in type terminals		Device adress wheels (Node: 05 shown)
18AWG rated Switch input status LEDs	IN 1 IN 5 IN 5   COM IN 6 IN 6   IN 2 IN 6 IN 6   COM IN 6 IN 6   COM IN 7 IN 7   IN 3 IN 7 IN 7   IN 4 IN 8 IN 8   IN 4 IN 8 IN 8	3.5″ Mounting holes for
Optional power input for connecting external power for "Wet" contact type	СОМ	6/32 screw

Switch inputs for dry contact closure type low voltage switches Switch closure LED status indicator Switch inputs provide power at 12VDC to the switch Inputs trigger at .05ma on a 1/2 second closure

Optional external power supplied at 12VDC (12-24V) Jumpers W1 & W2 required for external power Inputs trigger at .05ma on a 1/2 second closure

Maximum distance to switch(s) of 3000 feet using #18AWG wire
