

LightSync Conditional Input Module Product Detail

Switch inputs for dry contact closure type low voltage switches
 Switch closure LED status indicator
 Switch inputs provide power at 12VDC to the switch
 Inputs trigger at .05ma on a 1/2 second closure

Optional external power supplied at 12VDC (12-24V)
 Jumpers W1 & W2 required for external power
 Inputs trigger at .05ma on a 1/2 second closure

Maximum distance to switch(s) of 3000 feet using #18AWG wire
